About me

Accomplished Senior UI/UX Designer with over 6+ years of experience creating intuitive and engaging digital experiences. Specialized in user-centered design, I craft interfaces that strike a balance between usability and visual appeal. My expertise covers web and mobile applications, enterprise solutions, and interactive media, delivering designs that drive both user satisfaction and business results.

Work Experience

Access To Arabia

Senior UI/UX - Consultant | 2023 - Present

Currently working on large-scale financial platforms, including UWallet for Umniah, as well as the company's corporate website, driving innovation in fintech design and digital experiences.

Macquires

Senior UI/UX | 2024 - 2025

Led the design of a CRM system in collaboration with the Planning and Economic Ministry in Saudi Arabia, while also delivering corporate websites, and I designed advanced e-signature solutions.

Little Thinking Minds

Mid UI/UX | 2021 - 2023

I designed websites and applications for native and non-native Arabic-speaking children, contributing to innovative EdTech solutions that enhance digital learning by making it more engaging and accessible.

Access To Arabia

JR. UI/UX | 2019 - 2021

Worked on the design of financial systems, including digital wallets and banking applications, focusing on creating user-friendly interfaces that enhanced usability and customer experience.
